You're Invited...

to the dedication of the amphitheater
to Don & Carolyn McGowan

Thursday, October 9, 2025

4:30 p.m.

King Jack Park

Administrator's Report 08/25/2025

All paving for this year is complete. Invoice reflects that the costs came in \$101,200 under the bid estimate of \$1,179,437.51

Public Works Water crews have done tremendous job this year replacing some large faulty water meters. This task is hard and certainly no fun but we appreciate their efforts as it really helps identify water loss that has been occurring. To date over 35, 2-inch meters have been replaced.

The **dedication of the amphitheater**, approved by council last meeting, to dedicate the facility to Don and Carolyn McGowan will be held at the King Jack Amphitheatre on October 9th at 4:30pm.

City Staff met with the Downtown Business Association at their Meet and Greet held on Tuesday August 12th at the Bradbury Bishop building. The main topic of discussion was the possible closing of Main Street for a planned event called Tents and Tailgates which was presented to council at our last meeting. The Downtown Alliance members all stated that they were in favor of the event, and it was explained to them that it would be more likely for council to approve the closing if it was actual downtown business owners making the request. The meeting ended with them going to approach other businesses who are not part of their group and seek their approval. It was agreed that they would put a plan together and get back with city staff to discuss.

City staff have worked out an agreement with WOW Printing to accomplish three desired projects for the same cost approved by council for the mural alone. Wow Printing has offered to complete, in addition to the mural, the remodel of the billboard located at 171 and East Road. In addition to this they will paint a large historic Route 66 Shield on the old Trolley structure located on Daugherty Street. These projects, if approved, will be completed before the start of the Route 66 100 Year celebrations to begin next year. (WOW Printing reports work will be completed within 5 weeks of approval)

Staff have been notified by the Creative Learning Alliance board that governs **Schroeder Family Exploreum board has voted and approved the acceptance of the Jack Dawson Painting** which was approved by council in our last meeting. Staff have reached out to them and advised to let us know if they need assistance in the moving process.

Parks Department has announced they will be holding the First Annual Pumpkin Carving Day at the W Club on October 27th and 28th. Online registration starts on September 1st. Parks

Department staff also report that to date they have over 250 members currently signed up for the W Club. There has been strong participation to the basketball and pickle ball open gym times.

Westhaven Park new playground should be complete and ready for use by end of this week.

Public Works has reported the current fee being charged for water meter installs at this time does not cover the actual costs just for the material. We are working on a new fee schedule that will reflect actual costs. This should be ready for implementation in the next 30 days.

Staff have prepared the list of **items to be sold at auction in the upcoming Joplin City Auction.** We have partnered with Joplin this first year to evaluate how it goes. Items to be sold are:

2001 Dodge Dakota PW-1
2002 Dodge Dakota PW-36
2000 Dodge Ram 1500 PW-2
2001 Dodge Ram 2500 PW-65
2002 Dodge Dakota
2005 Chevy Avalanche
2006 Ford F-150
1990 Ford F-800 Oil Distributor PW-38

We anticipate hearing a date for a ribbon cutting on the newly constructed section of the Frisco Trail from the Joplin Trails Association. Council will be notified as it is nearing completion.

Previous Meetings

City staff have discussed future **needs within our water distribution system** and feel that one area of concentration should be our daily storage availability. We have looked at two needed improvements and those are first to find a way to utilize the 300,000 gallon water tower on South Hall Street. This tower has been inoperable due to a height and pressure conflict with the million Gallon tank on Tracy Street. The second issue is as the city continues to grow we will need additional storage and pressure in the near future. Staff have discussed the possibility of conducting a preliminary engineering report to determine what our best and most economical solutions would be to accomplish these two goals. The proposal will be on the agenda for council to consider.

Public Works crews have been busy painting crosswalks and other preparations for the upcoming start of school. Other items they have been working on has been the storm box replacement that was needed on Mount Hope Road. The road was starting to cave and the complete replacement of the culvert became necessary.

Engineering plans have been completed on the new water line to be installed on Tom street is complete. Crews are now waiting for DNR site approval before starting this project. While

waiting for that approval they have been busy replacing meters as we continue our goal of staying up to date on old meters and replacing them as needed.

Fire Department reports their first Fire Academy to have been a success with five of the first seven graduates' passing their State practical tests and we anticipate the remaining two to retest and pass next week. (Update: all have now passed their Missouri State tests!)

Much discussion and testing has taken place regarding any levels of toxicity within the fish at all of our city owned lakes. It is good to report so far all tests have come back with no concerning levels of any heavy metals or toxins. We are working with DNR and the Department of Conservation to determine what the best fishing ordinance we can come up with regarding catch and release or harvest limits at our lakes. The MDC plans to host several fishing and children events at our lakes soon and will be determining how to best stock the lakes.

Waste water crews have been working to install a couple new manholes in locations determined to have been found to have issues because of very long runs. Once that is complete we will be focusing on some major maintenance projects that will include removing roots and other obstructions in the entire system.

Parks Department would like to extend a thank you to our Habitat Division for their continued assistance this year bringing the large winged tractor and brush hog to the park. This has really relieved some of the staff mowing time.

Parks department have had a need for a small building in the softball complex for storage and also an air-conditioned area for the officials to relax between games. Muskrat Roofing has volunteered to build the building if we can provide the materials. Little League has also agreed to donate \$1,500 of the costs which are estimated at \$5,000.

Carl Francis
City Administrator

2025 Upcoming dates to remember;

19 - Employee Appreciation Dinner

CITY OF WEBB CITY, MISSOURI
COUNCIL MEETING MINUTES
REGULAR SESSION
Monday, August 11, 2025
Page 1

| | |
|------------------|--|
| INVOCATION | Mayor Ragsdale gave the invocation |
| PLEDGE TO FLAG | The Council remained standing for the Pledge of Allegiance. |
| COUNCIL MEETING | The City Council of Webb City, Missouri met in regular session Monday August 11, 2025, at 5:30 p.m. in the Council Chambers, Mayor Lynn Ragsdale presided. |
| ROLL CALL | The following members answered roll call: Gina Monson, Brad Baker, Ray Edwards, Alisa Barroeta, Jerry Fisher and Jim Dawson. Absent: Andy Queen, and Debbie Darby. There being six members present and six members representing a quorum. Mayor Lynn Ragsdale declared this session of council officially opened. Also present were City Administrator Carl Francis, City Clerk Kimberley DeMoss, Finance Director Natasha Gossett, Fire Chief Andy Roughton, Police Chief Don Melton, Sewer Utility Director William Runkle, Street & Water Director Eddie Kreighbaum, Parks Director Bryan Waggoner and Economic Development Coordinator Erin Turner. Absent: City Attorney Troy Salchow |
| MAYOR STATEMENT | None |
| VISITORS | Stacey Johnson and Jimmi Isenmann, small business owners, presented a project proposal for October 25, 2025, and event called Tents & Tailgates. They would like to block Main Street off for this event from 10:00 a.m. to 8:30 p.m. Their goal is to bring small businesses together for a Breast Cancer Awareness fundraiser, raising money to donate back to local community agencies. Council asked some questions regarding the event. Mayor Ragsdale turned them over to City Staff for questions and answers. |
| INFORMATION ONLY | Permits from July 9 – August 6, 2025 |
| ADMINISTRATOR | Administrators Report for August 11, 2025, was available for the Council to review. Councilman Fisher asked about the story of the mural being moved to Joplin. Mr. Francis stated the city has ownership of the mural and it is housed in the vacate Mid Missouri Bank Building on Main Street. Councilman Dawson shared information donating the Jack Dawson Mural to the Schroeder Family Exploreum in a museum as the mural would be shared by many. The Schroeder family will share cities of the Tri State Mining District telling a story of every town including Webb City. Mural will be featured in the STEAM program. |

Community Development

Route 66 Mural Project

August 25, 2025

Description

To place a framing system mural on the side of 110 W. Broadway, overlooking the Route 66 Welcome Center / Webb City Chamber of Commerce. A billboard at the 171 Roundabout and the Rt. 66 Shield painted on the trolley pillars.

Narrative

WOW Printing LLC will produce & install a mural framing system for the aforementioned locations. A mural banner will be installed within the framing system by the chamber building. This allows for the city to interchange the banner/design to fit with seasons, events, and/or themes. The initial design is a historic postcard look celebrating the centennial year of Route 66. (*Design and quote attached). In addition a billboard at the 171 roundabout and a painting on the trolley pillars with the RT 66 Shield.

Staff Recommendation

Staff recommends we move forward with the budgeted mural project and design at 110 & 112 W. Broadway and the Billboard at 171 roundabout and the painting on the trolley pillars with the RT 66 Shield. The project will be completed before the 2025 Webb City Christmas parade which will kick off the Route 66 centennial celebration year.

Fiscal Impact

WOW Printing LLC Quote

Not to Exceed \$15,000.00

There is \$17,288.61 remaining in the budget under Community Development for Advertising/Promotional.
